The park has ten different entrances to the park, as noted on the map below, and is within walking distance to retail, fine dining and beauty salons.

The stage can easily hold a 6-8 member band comfortably with music equipment. There is 100 amp service (CAM locked) available from the stage with additional electric hookups in other areas. A non-drinking water hook up is available by request. A public restroom and drinking fountains can be found at Entrance #6. Please note for parties larger than 50, we encourage park renters to place and rent porta-lets at the North entrance of the parking lot to accommodate their guests. All events shall be zero waste when possible to maintain Centerra's commitment to sustainability.
