CHAPUNGU SCULPTURE PARK

Welcome to Loveland's one-of-a-kind cultural oasis that pleasantly collides with nature. Integrated within Centerra's mixed-use community and spanning 26-acres, this unique cultural experience features more than 80 hand-carved Zimbabwe stone sculptures weaved amongst beautiful natural and landscaped botanical gardens while offering miles of walking paths as you embark on an outdoor self guided tour.

Whether you are an art, plant, or bird enthusiast, this serenity spot is worth a stop when visiting Northern Colorado. Enjoy bird and botanical tours, summer concerts and Winter Wonderlight's holiday light show.

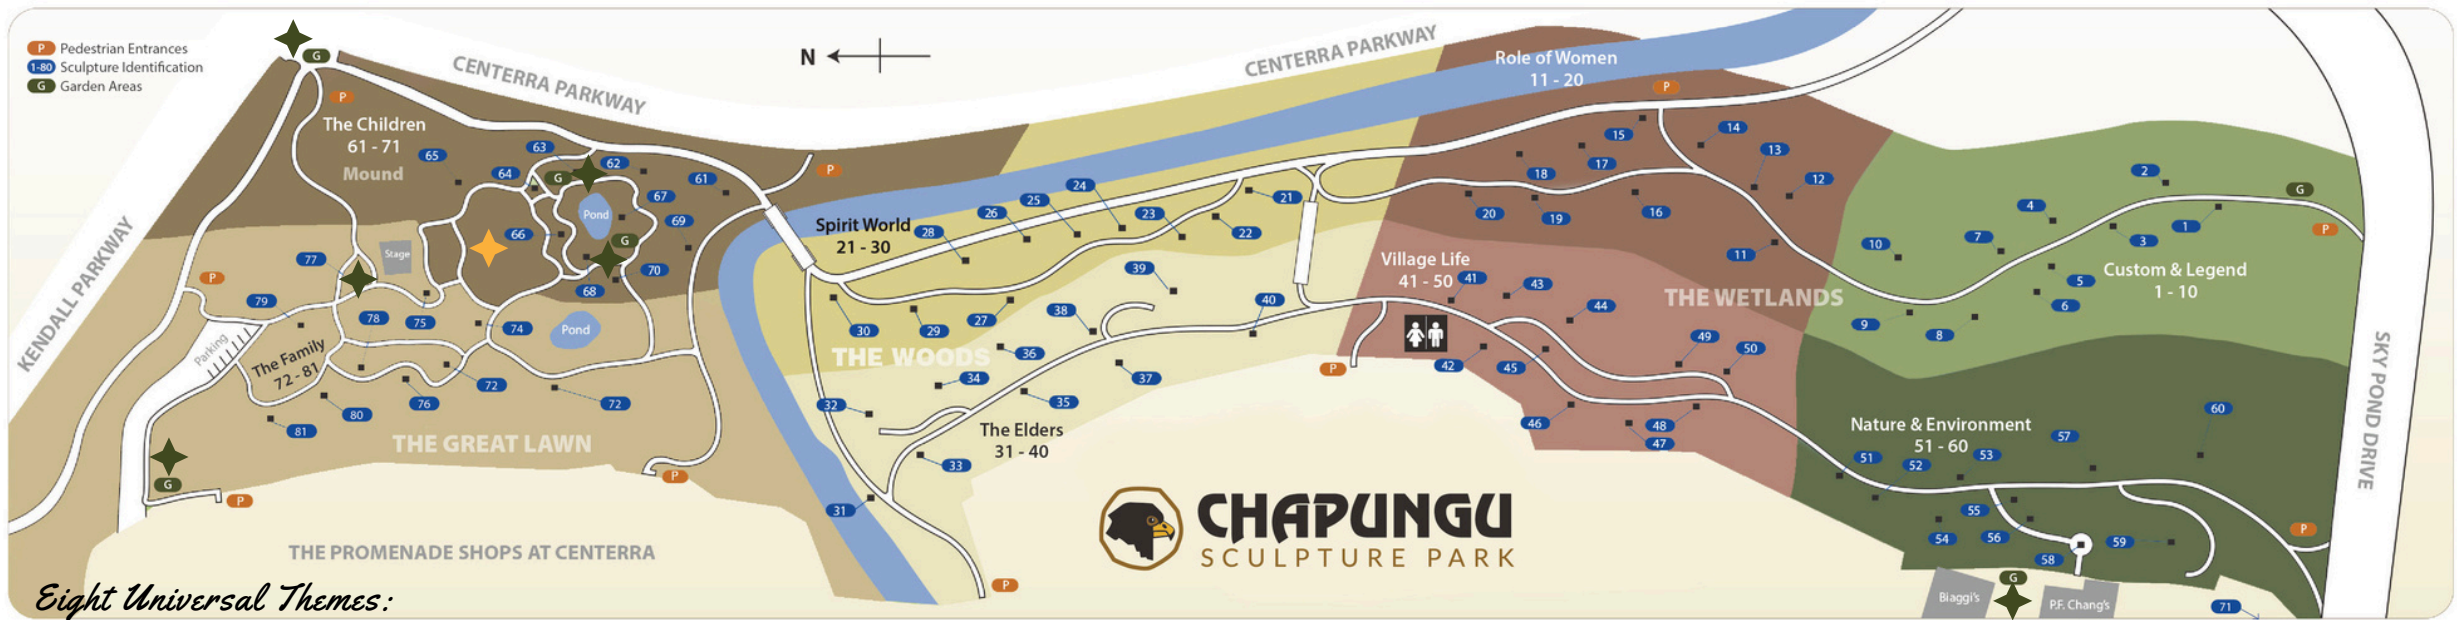

The Great Lawn, situated on the north end, can be reserved for private or public gatherings - ideal space for weddings, receptions, corporate celebrations, music and dance performances, and fundraising events.

Located East of I-25 and Hwy. 34 - Exit 257
